Hopkinsville Greatest Tobacco Market in the Whole World

As near as we have been able to learn 75 per cent of the crop is now planted. It is interesting to know that Hopkinsville is the largest loose leaf tobacco market in the world, and Christian county raises more tobacco than a ny county in America-except one-Daviess county leading us now-while in for mer years we held first place. The hundred thousand dollars worth of merchandise in this sale was selected from those factories that made it good, and just because our policy to clean up at the end of the seasonforces us to sell much of it at half price-does not interfere with our broad guarantee of satisfaction or
